

Date: 21st September 2009

For part numbers/make & models: PAD 1208

PAD 1208 - Land Rover Freelander - All derivatives from VIN 1A 576764

Fitment of replacement brake pads to the Land Rover Freelander to prevent Brake Pad Noise / Squeal.

Due to the design of the braking system found on this vehicle, it is imperative that the replacement brake pads are fitted as shown above.

The chamfers found on the brake pad material, must be positioned at the leading edge.
