

## IMI Level 3 Award in Electric/Hybrid Vehicle System Repair & Replacement

Part Number: WPTATTEV3

Duration: 1 day

### OVERVIEW

The content of this qualification has been designed to give the learners the knowledge and skills required to work safely on Electric/Hybrid vehicles whilst carrying out diagnostic, testing and repair activities. This may include vehicles that may have or had damage to their high energy/electrical system.

*This training course contains unit EV3 only.*

### EV3 COVERS SKILLS IN:

- working safely on an electric/hybrid vehicle
- using information to carry out the task
- carrying out repairs on high energy electrical systems
- recording information and making suitable recommendations

As a result, learners successfully completing this qualification will acquire significant core knowledge and skills and the ability to remove and replace Electric/Hybrid vehicle high voltage components.

### WHO IS THIS COURSE FOR?

This course is suitable for anyone who are involved in the diagnosis and repair of Electric/Hybrid vehicles. This could include service and repair technicians, diagnostic technicians and auto electricians.

### WHAT EXISTING KNOWLEDGE IS NEEDED?

IMI Level 2 Award in Electric/Hybrid Vehicles Routine Maintenance Activities.
